Mayor and CEO's Introduction

We are pleased to present the Moorabool Shire 2025/26 Budget to our community.

The 2025/26 proposed budget is aligned with the vision in the Draft Council Plan 2025-29. It seeks to maintain and improve services and infrastructure as well as deliver projects and services that are valued by our community. The recommended budget details the resources required over the next year to fund the large range of services we provide to the community. It also includes details of recommended capital expenditure allocations to improve and renew our Shire's physical infrastructure, buildings and operational assets as well as funding for a range of new initiatives.

The proposed budget for 2025/26 has been prepared through a rigorous process of review by the officers, management and Councillors to ensure that it is aligned to the vision and the objectives as set out in the Council's latest Council Plan. Value for money remains a guiding principle in this budget and to keep rates as affordable as possible while delivering all of Council's ongoing services and infrastructure our community needs within the State Government's rate cap. Our focus remains on the delivery of essential services our community needs and expects - including roads, rubbish and recycling, library services, sporting ovals, street-sweeping and a wide range of community services from school crossings to maternal and children's services.

For the 2025/26 Annual Budget, rate increases have been capped at 3.0% in line with the Victorian Government's Fair Go Rates System. Despite the financial challenge this poses, Council is determined to maintain and enhance its services, while working within the cap. Council is also determined in its efforts to keep financial pressure on the community to a minimum.

The 2025/26 Budget and Strategic Resource Plan is part of Council's integrated planning framework and follows through with strategic priorities that are identified in the Council Plan. The Council plan continues to seek community input and engage the community in its decision making.

Moorabool Shire Council has seen significant growth in recent years and our capital program has been developed to meet community infrastructure needs now and into the future. Council will fund several new initiatives and will allocate additional funds to renew the Council's infrastructure.

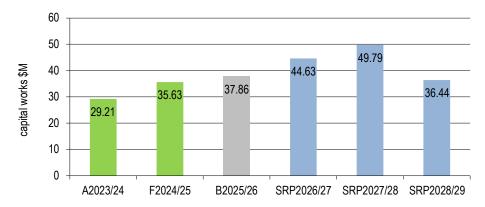

Some of the key projects recommended as part of the 2025/26 Capital Program include:

- Bacchus Marsh Racecourse & Rec Reserve New Community & Multi Sports Hub (\$3.500 million)
- Local Area Traffic Management Implementation (\$2.000 million)
- Griffith Street, Maddingley Shared path on South Side (\$1.815 million)
- Reseal Program (\$1.789 million)
- Young Street Kindergarten Upgrades (\$1.500 million)
- Masons Lane Recreation Reserve Installation of New Athletics Track (\$1.200 million)

- Glenmore Road, Mount Wallace Reseal and Widen (\$0.939 million)
- Windle Street, Ballan Reconstruction and Widen (\$0.769 million)
- Steiglitz Street, Ballan Reconstruction (\$0.696 million)
- Bacchus Marsh Racecourse & Recreation Reserve New Community Dog Park (\$0.600 million)

3

- Main Street, Bacchus Marsh Path Renewal (\$0.550 million)
- Gordon Recreation Reserve Masterplan Priorities Implementation (\$0.440 million)

The table below provides a high level snapshot of the forward outlook for Capital Works for the next 4 years and demonstrates a high level of investment in community infrastructure and assets.

A = Actual F = Forecast B = Budget SRP = Strategic Resource Plan estimates

The Capital Works program for 2025/26 will be \$37.858 million. Of the new works funded (totaling \$26.989 million) in the 2025/26 budget, \$14.389 million will come from Council operations, \$12.599 million from external grants and contributions. No borrowings are required to fund the Capital Works program. We acknowledge the contribution of State and Federal Government grants in our Capital Works and service delivery programs.

We look forward to working with you in the community to deliver these exciting projects throughout the coming year.

1. Link to the Integrated Strategic Planning and Reporting Framework

This section describes how the Budget links to the achievement of the Community Vision and Council Plan within an overall integrated strategic planning and reporting framework. This framework guides the Council in identifying community needs and aspirations over the long term (Community Vision and Financial Plan), medium term (Council Plan, Workforce Plan, and Revenue and Rating Plan) and short term (Budget), and then holding itself accountable (Annual Report).

1.1 Legislative planning and accountability framework

The Budget is a rolling four-year plan that outlines the financial and non-financial resources that Council requires to achieve the strategic objectives described in the Council Plan. The diagram below depicts the integrated strategic planning and reporting framework that applies to local government in Victoria. At each stage of the integrated strategic planning and reporting framework there are opportunities for community and stakeholder input. This is important to ensure transparency and accountability to both residents and ratepayers.

Source: Department of Jobs, Precincts and Regions

In addition to the above, Council has a long term plan (Moorabool 2041) which articulates a community vision, mission and values. The Council Plan is prepared with reference to Council's long term Community Plan.

The timing of each component of the planning framework is critical to the successful achievement of the planned outcomes. The Council Plan, including the Strategic Resource Plan, is required to be completed by 30 June following a general election and is reviewed each year in advance of the commencement of the Annual Budget process.

1.1.2 Key planning considerations

Service level planning

Although councils have a legal obligation to provide some services— such as animal management, local roads, food safety and statutory planning—most council services are not legally mandated, including some services closely associated with councils, such as libraries, building permits and sporting facilities. Further, over time, the needs and expectations of communities can change. Therefore councils need to have robust processes for service planning and review to ensure all services continue to provide value for money and are in line with community expectations. In doing so, councils should engage with communities to determine how to prioritise resources and balance service provision against other responsibilities such as asset maintenance and capital works.

Community consultation needs to be in line with a councils adopted Community Engagement Policy and Public Transparency Policy.

1.2 Our purpose

Our Vision

Embracing our natural environment and lifestyle options to create an inspiring place for everyone to live, work and play.

Our Purpose

Council exists to co-design local solutions that enable our communities to prosper now and into the future.

We do this by:

- Providing good governance and leadership
- Minimising environmental impact
- Stimulating economic development
- Improving social outcomes

Our values

By living these values Council is able to build strong relationships internally, with the community and with partners.

- Integrity I say what I mean and always do what's right.
- Creativity I consider situations from multiple angles and perspectives.
- Accountability I have courage to make decisions and take ownership for their outcomes.
- Respect I seek to understand and treat people how I would like to be treated.
- Excellence I take calculated risks to seek out better ways of doing things.

Our municipal strategic statement

In 2025, we will be recognised for advocating and supporting a strong, inclusive community that co-exists with the natural environment. Our organisation will deliver services that best serve a growing community and support a self-sustaining local economy.

1.3 Strategic objectives

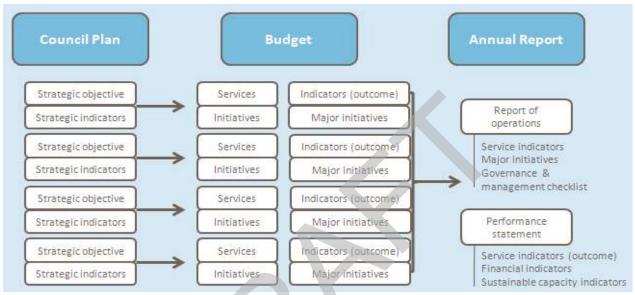

Council delivers activities and initiatives under a number of major service categories. Each contributes to the achievement of one of the four Strategic Objectives as set out in the Council Plan for the 2025-29 years. The following table lists the four Strategic Objectives as described in the Council Plan.

2. Services and Service Performance Indicators

This section provides a description of the services and initiatives to be funded in the Budget for the 2025/26 year and how these will contribute to achieving the strategic objectives outlined in the Council Plan. It also describes a number of major initiatives, initiatives and service performance outcome indicators for key areas of Council's operations.

Council is required by legislation to identify initiatives, major initiatives and service performance outcome indicators in the Budget and report against them in their Annual Report to support transparency and accountability. The relationship between these accountability requirements in the Council Plan, the Budget and the Annual Report is shown below:

4. Notes to the Financial Statements

This section presents detailed information on material components of the financial statements. Council needs to assess which components are material, considering the dollar amounts and nature of these components.

4.1 Comprehensive Income Statement

4.1.1 Rates and charges

Rates and charges are required by the Act and the Regulations to be disclosed in Council's budget.

As per the Local Government Act 2020, Council is required to have a Revenue and Rating Plan which is a four year plan for how Council will generate income to deliver the Council Plan, program and services and capital works commitments over a four-year period.

In developing the Budget, rates and charges were identified as an important source of revenue. Planning for future rate increases has therefore been an important component of the financial planning process. The Fair Go Rates System (FGRS) sets out the maximum amount councils may increase rates in a year. For 2025/26 the FGRS cap has been set at 3%. The cap applies to both general rates and municipal charges and is calculated on the basis of council's average rates and charges.

The level of required rates and charges has been considered in this context, with reference to Council's other sources of income and the planned expenditure on services and works to be undertaken for the community.

To achieve these objectives while maintaining service levels and a strong capital expenditure program, the average general rate and the municipal charge will increase by 3% in line with the rate cap.

This will raise total rates and charges for 2025/26 to \$49.031 million.

Council has a long-established methodology for calculating waste/garbage charges based on user-pays principles. This methodology formed part of Council's successful 2016/17 rate cap variation application which was approved by the Essential Services Commission.

In December 2023, the Local Government Service Rates and Charges Good Practice Guidelines were published. These guidelines were issued under s.87 of the Local government Act 2020 and are not mandatory. Council is in the process of evaluating these recommendations and may elect to change its methodology for waste/garbage charges calculations in future budgets.

4.1.1(a) The reconciliation of the total rates and charges to the Comprehensive Income Statement is as follows:

	2024/25 Forecast Actual \$'000	2025/26 Budget \$'000	Change \$'000	%

^{*} highlighted figures are subject to change

There are no known significant changes which may affect the estimated amounts to be raised by rates and charges. However, the total amount to be raised by rates and charges may be affected by:

The making of supplementary valuations (2025/26 estimated \$459,000 and 2024/25: \$979,000)

- The variation of returned levels of value (e.g. valuation appeals)
- Changes of use of land such that rateable land becomes non-rateable land and vice versa
- Changes of use of land such that residential land becomes business land and vice versa.

4.1.1(I) Differential rates

Rates to be levied

Each differential rate will be determined by multiplying the Capital Improved Value of each rateable land (categorised by the characteristics described below) by the relevant percentages indicated above.

Council considers that each differential rate will contribute to the equitable and efficient carrying out of Council functions. Details of the objectives of each differential rate, the types of classes of land, which are subject to each differential rate and the uses of each differential rate, are set out below.

^{4.1.1(}k) Any significant changes that may affect the estimated amounts to be raised by rates and charges

General Land

Definition:

General Land is any land:

- \cdot on which a dwelling is lawfully erected and occupied for the principal purpose of physically accommodating persons; and
- · which does not have the characteristics of:
- · Commercial and Industrial Land:
- · Vacant Commercial and Industrial Land;
- · Extractive Industry Land;
- Farm Land;
- · Residential Retirement Villages Land;
- · Vacant General Land:
- Vacant Farming Zone or Rural Conservation Zone; and
- · General Residential Zone Land within the Moorabool Planning Scheme.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- Construction and maintenance of public
- 2. Development and provision of health and
- 3. Provision of general support services.

Use and Level of Differential Rate:

The differential rate will be used to fund those items of expenditure described in the Budget adopted by Council. The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

All buildings which are lawfully erected on the land.

Residential Retirement Land

Definition:

Residential Retirement Land is any land within the meaning of 'retirement village land' under section 3 of the Retirement Villages Act 1986.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health
- 3. Provision of general support services.

To ensure that the Residential Retirement Land rate is lower than the General Land rate in recognition of the services and infrastructure undertaken by the retirement village sector.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

Commercial/Industrial Land

Definition:

Commercial/Industrial Land is any land which is lawfully used:

- for the principal purpose of carrying out the manufacturing or productions of goods; or
- for the principal purpose of carrying out trade in goods or services.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To ensure that such rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, having regard to the capacity of such land to be used to yield income and the demands such land make on Council's infrastructure. The differential rate also recognises that Council rates and charges may be claimed as a tax deduction.

Types and Classes:

Rateable land having the relevant characteristics described in the above definition.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool

Planning Scheme Zoning:

The zoning applicable to rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

All buildings which are lawfully erected on the land.

Vacant Commercial/Industrial Land

Definition:

Vacant Commercial/Industrial land is any land:

- · located within an Industrial or Business zone under the Moorabool Planning scheme; and
- · which is vacant: or
- not lawfully developed for the principal purpose of carrying out the manufacturing or production of goods or trade in goods or services; and
- · which does not have the characteristics of Vacant General Land, Vacant Farming Zone or Rural Conservation Zone Land or General Residential Zone Land.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To encourage the development of land for commercial and industrial purposes.

To discourage land banking and ensure an adequate supply of Commercial and Industrial zoned land to meet market demand.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

Any buildings that are not lawfully erected on the land.

Extractive Industry Land

Definition:

Extractive Industry Land is any land:

- · which is used primarily for the purpose of extraction, removal or treatment of minerals, earth or stone;
- on which activities of the extraction, removal or treatment of minerals, earth or stone has been discontinued but which has not yet been rehabilitated to environmental standards as required by law.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To ensure that such rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, having regard to the capacity of such land to be used to yield income and the demands such land make on Council's infrastructure. The differential rate also recognises that Council rates and charges may be claimed as a tax deduction.

<u>Use and Level of Differential</u> Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

Farm Land

Definition:

Farm Land is any rateable land within the meaning of 'farm land' as defined by section 2(1) of the *Valuation of Land Act 1960*.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To provide economic support and relief to farmers.

To encourage further development and appropriate use of Farm Land, as defined under the Valuation of Land Act 1960.

To encourage persons engaged in farming activities (as referred to in the definition of 'farm land' in the Act) to further develop farm land and value-add to their products in the local community to create more employment opportunities in the industry.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

All buildings which are now constructed on the land or which are constructed prior to the end of the Financial Year.

Vacant General Land

Definition:

Vacant General Land is any land;

- · on which no building is lawfully erected; and
- · which does not have the characteristics of:
- Vacant Commercial/Industrial Land; or
- Vacant Farming Zone, Rural Conservation Zone; or
- Vacant General Residential Zone Land in the Moorabool Planning Scheme.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To encourage development of Vacant General Land.

To discourage land banking and ensure an adequate supply of appropriately zoned land to meet market demand.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

Any buildings that are not lawfully erected on the land.

Vacant Farming Zone or Rural

Definition:

Vacant Farming Zone or Rural Conservation Zone land within the Moorabool Planning Scheme is any land;

- on which no building is lawfully erected; and
- · which is located within the Farm Zone or Rural Conservation Zone under the Moorabool Planning Scheme; and
- · which does not have the characteristics of Farm Land.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

Specifically, the objective of the vacant Farming Zone or Rural Conservation Zone rate category is to recognize the lower likelihood of development on this type of land as a result of planning and development restrictions or other encumbrances which limit the development opportunities and use of the land.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is set at 1.00 and is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

Any buildings that are not lawfully erected on the land.

Vacant General Residential Zone Land

Definition:

Vacant General Residential Zone Land is any land:

- · on which no dwelling is lawfully erected; and
- which is located within the General Residential Zone under the Moorabool Planning Scheme.

Objective:

To ensure that all rateable land makes an equitable financial contribution to the cost of carrying out the functions of Council, including the –

- 1. Construction and maintenance of public infrastructure; and
- 2. Development and provision of health and community services; and
- 3. Provision of general support services.

To encourage the development of land for residential purposes.

To discourage land banking, and ensure an adequate supply of residential zoned land to meet the market demand.

Use and Level of Differential Rate:

The differential rate will be used to fund some of those items of expenditure described in the Budget adopted by Council.

The level of the differential rate is the level which Council considers is necessary to achieve the objectives specified above.

Geographic Location:

Wherever located within the municipal district.

Use of Land:

Any use permitted under the Moorabool Planning Scheme.

Planning Scheme Zoning:

The zoning applicable to each rateable land within this category, as determined by consulting maps referred to in the Moorabool Planning Scheme.

Types of Buildings:

Any buildings that are not lawfully erected on the land.

Proposals to enter into leases of land owned or managed by Council

This section presents a summary of Council's proposal to lease land to external parties in the 2024-25 financial year

Leases for Council owned and managed land

Council leases land, including buildings, in compliance with section 115 of the Local Government Act (2020)

Section 115 - Lease of Land

- 1. A Council's power to lease any land to any person is limited to leases for a term of 50 years or less.
- 2. Subject to any other Act, and except where section 116 applies, if a Council leases any land to any person subject to any exceptions, reservations, covenants and conditions, it must comply with this section.
- 3.A Council must include any proposal to lease land in a financial year in the budget, where the lease is
 - a. for one year or more and
 - i. the rent for any period of the lease is \$100 000 or more a year; or
 - ii. the current market rental value of the land is \$100 000 or more a year; or
 - b. for 10 years or more.
- 4. If a Council proposes to lease land that is subject to subsection (3) and that was not included as a proposal in the budget, the Council must undertake a community engagement process in accordance with the Council's community engagement policy in respect of the proposal before entering into the lease.

Land owned by Council

Council proposes entering into the following lease of land owned by Council during the 2025/26 financial year:

Land:	7 Taverner Street, comprising:
	Lot 1 on Plan TP864040E, Vol 628 Folio 583
	CA 14 Section 11 Townsip of Bacchus Marsh Parish Vol 5402
	Folio 275
Tenant:	Bacchus Marsh Lawn Tennis Club
Commencement Date:	To be confirmed
Term:	10 years
Rent:	As per adopted schedule of fees and charges
Permitted Use:	Tennis club and function space
Special Conditions:

Other	181	181	0	0.00%
Total statutory fees and fines	1,344	1,644	299	22.28%

Statutory fees and fines (\$0.299 million increase)

Includes statutory fees that relate to fees and fines levied in accordance with legislation and includes animal registrations, Health Act registrations, parking fines and other local law infringements. Increases in statutory fees are made in accordance with legislative requirements.

Statutory fees are forecast to increase by 22.3% or \$0.299 million compared to the 2024/25 forecast actual. The main increase relate to local law enforcement (\$0.215 million).

A detailed listing of statutory fees is included in Section 6.

4.1.3 User fees

Other	250	272	22	8.74%
Total user fees	2,477	2,467	(10)	-0.40%

User fees (\$0.01 million decrease)

User charges relate mainly to the recovery of service delivery costs through the charging of fees to users of Council's services. These include use of leisure and other community facilities. In setting the Budget, the key principle for determining the level of user charges has been to ensure that increases recognise equity issues and market levels.

User charges are projected to decrease by 0.4% or \$10 thousand less than the 2024/25 forecast actual. A detailed listing of user fees is included in Section 6.

4.1.4 Grants

Grants are required by the Act and the Regulations to be disclosed in Council's budget.

4.1.4(a) Operating grants include all monies received from State and Federal sources for the purposes of funding the delivery of Council's services to ratepayers.

Overall, the level of operating grants has decreased by 7% or \$0.84 million compared to the 2024/25 forecast actual.

This is mainly due to one-off grants not being budgeted for.

4.1.4(b) Capital grants include all monies received from other levels of Government including State and Federal for the purposes of funding the capital works program. Overall, the level of capital grants has been decreased by 29% or \$5.026 million compared to the 2024/25 forecast actual.

Non-monetary	7,500	7,500	-	<u> </u>
Total contributions	14,210	8,980	(5,230)	-36.81%

Contributions - monetary (\$5.23 million decrease)

Monetary contributions predominantly relate to monies paid by developers (Development Contributions) in regard to road infrastructure, drainage, community facilities and recreation. These amounts are paid in accordance with planning permits issued for property, subdivision development and precinct structure plans.

Contributions - non-monetary assets (\$Nil change)

Non-monetary contributions relate to the transfer of subdivision assets such as roads, footpaths and reserves from developers (Development Contributions) to Council. Upon transfer of these assets, Council assumes ownership and becomes responsible for their maintenance and eventual reconstruction. The transfer of these assets to Council does not represent a cash inflow to Council but create future liabilities for the Council.

4.1.6 Other income

Total other income	3,052	2,297	(755)	-24.74%

Other income (\$0.755 million decrease)

2025/26 budget expects a decrease in the interest rates on term deposits of 27% or \$0.478 million bringing lower interest income compared to 2024/25 levels.

Other decreases include one off amounts included in the 2024/25 forecast including election income, storm recovery and insurance proceeds.

4.1.7 Employee costs

	Forecast Actual 2024/25 \$'000	Budget 2025/26 \$'000	Chang \$'000	e %
Wages and salaries	23,159	23,964	805	3.48%

Fringe benefits tax	5	12	7	140.00%
Total employee costs	27,027	28,248	1,221	4.52%

Employee costs (\$1.221 million increase)

Employee costs are forecast to increase by 4.5% or \$1.221 million compared to 2024/25. This increase is primarily driven by vacant positions and staff turnover in the 2024/25 year as well as the provisions within the EBA, oncost increases and the cost of additional FTEs related to the Strategic Resource Plan.

4.1.8 Materials and services

	Forecast Actual 2024/25	Budget 2025/26	Chanç	je

Community grants and advances	946	864	(82)	-8.71%
Total materials and services	24,001	21,925	(2,076)	-8.65%

Materials and services (\$2.076 million decrease)

Materials and consumables includes payments to contractors for the provision of services such as contracts for garbage collection, infrastructure maintenance, building maintenance, the purchases of consumables, insurances, and utility costs.

Materials and services are forecast to decrease by 9% or \$2.076 million compared to the forecast for 2024/25.

The budgeted decrease is related to one off project costs incurred, agency staff required to fill employee vacancies.

4.1.9 Depreciation

	Forecast Actual 2024/25	Budget 2025/26	Change	•
	\$'000	\$'000	\$'000	%
Property	2,750	3,212	462	16.80%

Infrastructure	11,589	11,680	91	0.79%
Total depreciation	15,899	16,416	517	3.25%

Depreciation (\$0.517 million increase)

Depreciation is an accounting measure to allocate the value of the use of an asset over its useful life. The expected 2025/26 increase reflects the high value of Council's assets and the full year effect of depreciation from assets constructed and acquired as part of the 2024/25 capital works program.

Other expenses (\$0.042 million increase)

Other expenses relate to a range of unclassified items including Councillor allowances, Audit Committee sitting fees, audit expenses, bank fees, leases, bad debts and associated recovery costs.

The increase relates to the annual adjustment of Councillor Allowances.

4.2 Balance Sheet

4.2.1 Assets

Current Assets (\$4.814 million decrease) and Non-Current Assets (\$16.057 million increase)

Cash and cash equivalents include cash and investments such as cash held in the bank and in petty cash and the value of investments in deposits or other highly liquid investments with short term maturities of three months or less.

Trade and other receivables are monies owed to Council by ratepayers and others. Short term debtors are expected to remain at the same level as 2024/25.

Other assets includes items such as prepayments for expenses that Council has paid in advance of service delivery, inventories or stocks held for sale or consumption in Council's services and other revenues due to be received in the next 12 months.

The category of Property, infrastructure, plant and equipment predominantly represents the value of Council's land, building, roads and landfill assets. The increase in this category is due to gifted assets and from assets constructed and acquired by Council as part of the annual Capital Works program.

4.2.2 Liabilities

4.2.2(a) Current Liabilities (\$19.151 million decrease) and Non Current Liabilities (\$12.569 million increase)

Trade and other payables are those to whom Council owes money as at 30 June. These liabilities are budgeted to remain at that of the 2024/25 forecast levels.

Provisions include accrued long service leave, annual leave and rostered days off owing to employees. These employee entitlements are only expected to increase marginally due to more active management of entitlements.

Interest-bearing loans and borrowings are borrowings of Council. Council is budgeting to repay loan principal of \$26.885 million over the year, whilst borrowing \$20 million.

4.2.3 Borrowings

The table below shows information on borrowings specifically required by the Regulations.

	Forecast Actual	Budget	Projecti	ons
	2024/25 \$	2025/26 \$	2026/27 \$	2027/28 \$

Total statutory and other reserves	11,851	5,576	1,775	8,051

Car park reserve

The purpose of this reserve is to provide improved parking facilities in urban areas.

Recreation facilities reserve

The purpose of this reserve is to provide funding for recreational facilities. Funded from developer contributions this reserve requires that recreation facilities be established within the proximity of the relevant new subdivision.

Industrial estate reserve

The purpose of this reserve is to fund future opportunities for industrial subdivision or economic development activity of a capital nature in and around Bacchus Marsh. This reserve is funded from the net proceeds of land sold in the Council developed Industrial Estate (the final parcel of land sold was in the 2013/14 financial year).

Storm water management reserve

The purpose of this reserve is to provide funding for future storm water management works which will be required for future subdivisions at the western end of Holts Lane in Darley.

Closed landfill reserve

The purpose of this reserve is to provide funding for future site remediation works related to closed landfills within Moorabool Shire.

Defined benefits reserve

The purpose of this reserve is to provide funding for future liability calls related to the Defined Benefits Superannuation scheme.

Community seed funding reserve

The purpose of this reserve is to provide a funding platform for the planning and advancement of future capital works projects.

Capital works contributions reserve

The purpose of this reserve is to provide funding for future capital works, such as road works, associated with specific developments funded by contributions from the developer.

<u>Developer contribution reserve</u>

The purpose of this reserve is to provide funding for various agreed infrastructure requirements arising from new developments and is funded from developer contributions.

Local Government Funding Vehicle (LGFV) loan repayment reserve

The purpose of this reserve is to provide funding for the repayment of the principal component of loans held through the LGFV. These loans are interest only until maturity.

Maddingley brown coal reserve

The purpose of this reserve is to provide funding for the maintenance of the local road network between the Maddingley Brown Coal site and the Western Freeway, Bacchus Marsh.

Wind farm dilapidation deeds reserve

The purpose of this reserve is to provide for remediation works for Council assets that have had accelerated deterioration in their condition as a result of construction activity at Wind Farms.

4.3.2 Equity

Equity (\$17.825 million increase)

Total equity always equals net assets and is made up of the following components:

Other reserves are funds that Council wishes to separately identify as being set aside to meet a specific purpose in the future and to which there is no existing liability. These amounts are transferred from the Accumulated Surplus of the Council to be separately disclosed.

A net movement of \$-3.8 million is budgeted for in 2025/26.

Accumulated surplus which is the value of all net assets less Reserves that have accumulated over time. The increase in accumulated surplus of \$21.625 million results directly from the operating surplus for the year of \$17.825 million, net the movement of \$-3.8 million in other reserves.

4.4 Statement of Cash Flows

4.4.1 Net cash flows provided by/used in operating activities

Operating activities (\$7.424 million decrease)

These activities refer to the cash inflows and outflows from Council's main business activities of providing services, raising revenue and meeting expenses. The net cash flows from operating activities does not equal the surplus for the year as the expected revenues and expenses of the Council include non-cash items which are excluded from the Statement of Cash Flows.

4.4.2 Net cash flows provided by/used in investing activities

Investing activities (\$8.3 million decrease)

These activities refer to cash used in the purchase of assets that will deliver value in the future. These activities also provides information on Council's capital works investment, cash investments and proceeds from the sale of assets.

4.4.3 Net cash flows provided by/used in financing activities

Financing activities (\$8.303 million decrease)

These activities refer to the drawing or repayment of borrowings and associated costs, including leases, to finance Council's capital commitments. For 2024/25 principal repayments of \$0.666 million and new borrowings of \$2.025 million are anticipated. New borrowings for 2025/26 are expected to be \$20 million with principal repayments of \$26.885 million.

4.5 Capital works program

This section presents a listing of the capital works projects that will be undertaken for the 2025/26 year, classified by expenditure type and funding source. Works are also disclosed as current budget or carried forward from prior year.

The capital works projects are grouped by class and include the following:

- Current Budget
- Works carried forward from the 2024/25 year

4.5.1 Summary

	Forecast Actual 2024/25 \$'000	Budget 2025/26 \$'000	Change \$'000	%

Total	37,858	21,05	5 15,496	1,305	-	12,599	-	25,258	-

The total Capital Improvement Program for 2025/26 is \$37.858 million (includes an estimated \$10.869 million in works carried over from 2024/25). Of this total, \$21.056 million relates to new works, \$15.496 million relates to the renewal of assets, and \$1.305 million is for the upgrade of assets.

4.5.1(a) Funding Sources

Grants - Capital grants include all monies we have applied to State and Federal Government to deliver the program. Should some of the grants not be successful, the timing on the delivery of these projects may need to be amended. Grants and contributions Council has applied for include Bacchus Marsh Recreation Reserve Community and Multi Sports Hub (\$3.500 million), and Young Street Kindergarten Upgrade (\$1.500 million).

Council Cash - Council generates cash from its operating activities, which is used as a funding source for the capital works program. It is forecast that \$25.258 million will be generated from operations to fund the 2025/26 capital works program.

Borrowings - Council will not take up any loan borrowings in 2025/26 to fund capital projects.

5. Financial performance indicators

5a. Targeted performance indicators

The following tables highlight Council's current and projected performance across a selection of targeted service and financial performance indicators. These indicators provide a useful analysis of Council's intentions and performance and should be interpreted in the context of the organisation's objectives.

The targeted performance indicators below are the prescribed performance indicators contained in Schedule 4 of the Local Government (Planning and Reporting) Regulations 2020. Results against these indicators and targets will be reported in Council's Performance Statement included in the Annual Report.

5b. Financial performance indicators

The following table highlights Council's current and projected performance across a range of key financial performance indicators. These indicators provide a useful analysis of Council's financial position and performance and should be interpreted in the context of the organisation's objectives. The financial performance indicators below are the prescribed financial performance indicators contained in Part 3 of Schedule 3 of the *Local Government (Planning and Reporting) Regulations 2020*. Results against these indicators will be reported in Council's Performance Statement included in the Annual Report.

Notes to indicators

5a

1. Satisfaction with community consultation and engagement

Demonstrates the community's perception of whether council decisions made and implemented had community input. High or increasing satisfaction rating suggests an improvement in the effectiveness of council's consultation and engagement strategies and decision-making practices. Council is targeting improvement in this area.

2. Sealed local roads below the intervention level

Assessment of the degree to which Council maintains high-quality infrastructure. Lower proportion of roads above the renewal intervention level suggests a high-quality road network.

3. Planning applications decided within the relevant required time

Significant investment in process and system improvements has provided Council the ability to process applications more efficiently.

4. Kerbside collection waste diverted from landfill

Assessment of the extent to which council promotes community environmental outcomes. Higher volume of waste diverted away from landfill suggests a more effective waste collection system. Council is comitted to improve in this area.

5. Working Capital

The proportion of current liabilities represented by current assets. Working capital is forecast to increase over the next four years.

6. Asset renewal

This percentage indicates the extent of Council's renewals against its depreciation charge (an indication of the decline in value of its existing capital assets). A percentage greater than 100 indicates Council is maintaining its existing assets, while a percentage less than 100 means its assets are deteriorating faster than they are being renewed and future capital expenditure will be required to renew assets.

7. Rates concentration

Reflects extent of reliance on rate revenues to fund all of Council's on-going services. Trend indicates Council will become more reliant on rate revenue compared to all other revenue sources.

8. Expenditure level

Assessment of whether resources are being used efficiently to deliver services. Council is committed to minimising the burden on residents and has targeted only minimal increases to this metric.

5b

9. Adjusted underlying result

An indicator of the sustainable operating result required to enable Council to continue to provide core services and meet its objectives. There is a positive trend in later years showing Council commitment to sustainable growth.

10. Unrestricted Cash

Assessment of council's abilities to pay bills on time. Higher unrestricted cash relative to liabilities suggests councils are able to pay bills in a timely manner.

Debt compared to rates

Trend indicates Council's reducing reliance on debt against its annual rate revenue through redemption of long term debt.

12. Rates effort

Assessment of whether councils set rates at an appropriate level. Lower proportion of rate revenue suggests a reduced rate burden on the community.

13. Revenue level

Assessment of whether resources are being used efficiently to deliver services

6. Schedule of Fees and Charges

This appendix presents the fees and charges of a statutory/non-statutory nature which will be charged in respect to various goods and services during the financial year 2023/24. Fees and charges are based on information available at the time of publishing and may vary during the financial year subject to any changes in Council's policy or legislation.
