

The questions we'd like the community to answer as part of the survey are:

Disconnect between Council Policies and the Planning Scheme

How do you think the planning scheme can better support the Council Plan Strategic objectives?

Planning for Rural Areas

What do you think are the priority issues to be addressed through a Rural Land Use Strategy?

Economic Development and Tourism

Do you consider there are currently barriers to successful tourism and economic development in the Moorabool planning scheme?

If so, what are they?

Waste and Earth Resources Industries

What aspects of the waste and earth resources industries should an amended Planning Scheme address?

Development Contributions

Do you think it is important for Council to take a strategic approach to working with developers to fund infrastructure?

Significant Landscapes

What significant landscapes would you like to see recognised, protected and preserved by the Planning Scheme?

Water Supply Catchments and Waterway Protection

Are water supply catchments and waterways adequately recognised and protected by the Planning Scheme?

Other Policy Gaps

Which key issues identified here do you think should be a priority for Council and why?

Are there any other policy gaps that should be included and why?

Do you have any other comments?

The engagement will be open from 16 June to 14 July 2020.

The community will have further opportunity to engage with this project once it has proceeded to the 'Planning Scheme Amendment' phase.

FEEDBACK CAN BE GIVEN IN THE FOLLOWING WAYS:

1. By completing the survey via the website: [www.moorabool.vic.gov.au](http://www.moorabool.vic.gov.au) Click on 'Have Your Say' and follow the links to the Moorabool Planning Scheme Review
